The community farm is managed for grazing animals and local people on the edge of Woburn Sands. A track leads through hedgerows and uphill into old, very varied woodland on the edge of the overgrown Danesborough hill fort.

Walk passes through ancient woodland and pastures/meadows.

Directions: Via The Leys/Hardwick Road with a turn off at Woodland Way, an unpaved vehicle wide track leading up to allotments and a gate into woodland. Possibly some parking space at the entrance to Woodland Way or continue to top of the track by the allotments, leaving room for allotment visitors. So, if possible, car share.

Maybe some parking available in Hardwick Place (near Mowbray Green) - take care crossing Hardwick Road to reach Woodland Way then walk up to meeting point by gate and allotments.
